

Don't get left out in the cold this winter.

With the nights drawing in and the weather turning nasty, it's important to get your home ready for winter, before Jack Frost starts to bite. As there's nothing worse than being left out in the cold it makes good sense to protect your home's heating system. "Your heating system could be your third biggest investment after your house and car, so it's worth looking after it properly, say Mike Berardi of Kosco, the area's leading home comfort and heating company.

The effects of running low on heating fuel or being faced with heating system break downs over the winter months can be disastrous, both financially and in terms of comfort and warmth. If you are tired of worrying about your heating system, Kosco offers three simple steps to help you control heating costs and create "Peace of Mind":

ONE... Worry free delivery of home heating fuels with price protection.

Kosco delivers quality heating fuels to your home via automatic delivery or you can monitor your fuel levels and call in your requests for delivery. Price Protection Plans allow you to control your annual fuel cost. The price per gallon of fuel is guaranteed never to exceed your protected plan price. If retail fuel prices drop below your plan price you automatically get the lower price per gallon. You can't lose.

Two... The Area's best valued service plan.

Kosco provides quality home comfort services to residents of the Hudson Valley. Over 40 years of experience and expertise has earned Kosco an award winning reputation. By signing up for the "Comfort Plan Plus" at less than twelve dollars per month, your family's warmth will be protected 24 hours a day 7 days per week by the largest service fleet in the area. Also included is an annual heating system cleaning completed in the pre-heating season.

Three... The convenience of direct payment.

Direct Debit is the preferred payment method for bill paying in today's fast paced environment. Direct payment provides so many advantages: The peace of mind of knowing bills are being paid automatically and payment dates will not be missed. Apart from eliminating the expense of mailing checks, it gives you the convenience of choosing a monthly date that suits your budget best.

"Your comfort is our concern", says Berardi of Kosco. "Visit our website and learn more about our the quality services and products we provide." www.koscocomfort.com
